7. Approval process for courses in interdisciplinary programs (Senior Associate Dean James F. Knapp)

Senior Associate Dean Knapp addressed the Council concerning the approval processes for courses in interdisciplinary programs. He referenced a letter written by Vice Provost Juan Manfredi as an example of Arts and Sciences departments adopting procedures into their by-laws for approving new courses. Dean Knapp stated that in interdisciplinary courses, some are cross-listing. He asked the Council for suggestions on what were the best ways to approach this issue.

Two options were presented. The first option is for courses to be approved through their department. The second option is the programs to approve their own courses on the contingency that programs have a structure with specific faculty, governance, and bylaws.

Council discussed the possibilities and pros and cons of each option. They came to the decision that option 2 would best suit the programs needs.

Professor Jonathan Arac made a motion to approve the minutes with the noted changes. Professor Joseph Grabowski seconded the motion and it was carried unanimously.

2. Dean's Report

- Ted Newman, Professor Emeritus in the Department of Physics & Astronomy, was recently awarded the American Physical Society's Einstein Prize for a lifetime of work in the field of relativity.

3. Update on the Budget (Dean N. John Cooper)

Dean Cooper reported to Council that there were no significant changes in the Arts and Sciences Budget. Discussion ensued regarding the possible Commonwealth appropriation for next year.

4. Report from Arts and Sciences Undergraduate Council (Dean N. John Cooper on behalf of Professor Reid Andrews)

Dean Cooper reported that the Arts and Sciences Undergraduate Council met December 2, 2010 and discussed the Second Language (formerly Foreign Language) General Education Requirement and created a description and learning outcomes for this requirement.

Dean Cooper stated that the top section of the document is to be inserted into the Bylaws and the bottom half will be used internally as a guide for instructors.

Council made several suggestions and comments regarding the wording of the requirements and especially the learning outcomes. Some terminology that came into question included "autobiographical", with the suggestion of using "biographical", delete "similarities and differences" in paragraph two, change "authentic" to "reading" and add an example such as newspapers.

Dean Cooper suggested sending the document back to Undergraduate Council for a review of the comments made. Professor Randall Walsh made a motion to accept the report. Professor Jonathan Arac seconded the motion and it was carried unanimously.

5. Report from Arts and Sciences Graduate Council
(Associate Dean Nicole Constable)

Associate Dean Nicole Constable reported that the Arts and Sciences Graduate Council has not met. They are scheduling TA reviews for spring. She is reviewing the Graduate Assessment Matrices with the Deans. Associate Dean Constable also talked about the possibility of creating a dissertation boot camp.

6. Nomination of Candidate for Position of Associate Dean for Undergraduate Studies (Dean N. John Cooper)

Dean Cooper introduced his nomination of Professor John Twyning, Chair of English, for the position of Associate Dean for Undergraduate Studies. He recapped the process he followed in identifying Professor Twyning. This began with a memo to Chairs and Program Directors soliciting suggestions for potential nominees. Dean Cooper discussed all suggestions and nominees with the Deans and called a number of faculty seeking suggestions. He discussed the position with a number of the prospective nominees, and ultimately Professor Twyning agreed to be nominated. The Dean reminded Council that after appropriate discussion and review Council can accept the Dean's nominee or to ask for another nominee. Once Council has approved a nominee, the Dean would request that the Provost appoint the nominee to the position of Associate Dean.

Dean Cooper summarized a brief biography of Professor

Twyning including his extensive service as Director of the Literature Program in the Department of English and asked if Council had any questions before meeting with Professor Twyning. After some discussion Professor Twyning was invited to join the meeting. Council members asked Professor Twyning questions concerning his views on study abroad, his vision for undergraduate studies including the biggest challenges in the next five years, and the role of faculty research undergraduate education. Professor Twyning addressed these questions, was thanked for his attendance, and left the room while Council discussed his nomination.

After a brief discussion Professor Peter Karsten put forth the motion to accept the nomination of Professor John Twyning for the position of Associate Dean for Undergraduate Studies. This motion was seconded by Professor Randall Walsh and carried unanimously.

7. Other Business

With no other business the meeting was adjourned at 2:21 p.m.

**FINAL NOTICE:
Faculty Research Grants 2012 Competition**

The Faculty Grants Committee announces that support will once again be available in fiscal year 2011-2012 for Arts and Sciences faculty research projects in the humanities, social sciences, and natural sciences, including proposals of an inter-disciplinary nature.

The application deadline is **Friday, January 28, 2011**, though the Committee would appreciate having applications as soon as possible.

Individual grants will be made in two categories:

Type I. Third Term Research Stipends of \$4,000 for research activities in lieu of teaching. The purpose of this type of grant is to enable faculty members to be free from teaching duties during the Third Term in order to work full time on research projects.

Type II. Research Expense Grants in support of specific project expenses such as microfilming, research materials, travel to libraries and other sources of information and clerical assistance. Actual expenses from \$100 to \$3,500 will be considered. Full funding, even for successful proposals, cannot be guaranteed.

Eligibility is limited to tenure-stream or tenured Arts and Sciences faculty on the Oakland campus. Restrictions regarding eligibility for Type I and Type II funding are specified later in this announcement. Please read these carefully.

Applications for both types of grants must be received by the Committee Chair by Friday, January 28, 2011. **No late proposals will be accepted.** All applicants will receive confirmation that their application has been received. For Type II grants, no funds can be disbursed until July 1, 2011; however, the research projects of grant recipients may begin before that date. For Type I grants, stipends will be included with July 29, 2011 paychecks unless funds become available which may allow the stipends to be included in May and/or June salaries. Awards will be announced in the beginning of April. Unfortunately, this Committee cannot provide applicants with individual evaluations of proposals.

Application Format and Restrictions are explained in the following paragraphs of this announcement. Further information can be obtained from the Committee Chair, Michael Goodhart (Telephone: 412.624.4478, E-mail: goodhart@pitt.edu)

ELIGIBILITY & APPLICATION PROCEDURE

Please follow these directions carefully!

TYPE I.

THIRD TERM RESEARCH STIPENDS OF \$4,000

To be eligible for a Type I stipend the applicant must not be employed during the Third Term in any way which makes it impossible to devote maximum time to research. Priority is given to faculty in the lower ranks and to those who have not previously received such a grant. Research projects for which funds are generally available from other sources will receive low priority.

Application Format: The application consists of four parts: (1) A cover sheet and current CV, including mention of all previous grants with amount and year; (2) an abstract summarizing the proposal in simple terms; (3) the proposal itself; and (4) a title sheet and self-addressed (campus) envelope. No application will be accepted unless it contains a current CV.

1. The cover sheet should be appended to a current CV and include the following information in the order listed here: (A) name of applicant, (B) faculty rank, (C) department, (D) university mailing address and extension, (E) applications pending or funding expected for the same period or the same research, (F) type of grant (I or II), and (G) title of research project. Please indicate previous funding, both internal and external.

Faculty members who have received an Arts and Sciences grant within the last five years should also submit a brief (one to two paragraphs) statement describing the results of the project(s) funded.

2. The abstract (100-200 words) should summarize the proposal in simple terms.
3. The proposal should be written in such a manner that members of the Committee who are not experts in your field can understand your proposal. Technical jargon should be avoided.

Applicants are encouraged to bear in mind that the evaluators represent a wide range of disciplines in the humanities, natural sciences, and social sciences. The proposal should contain:

- (A) a statement of the problem;
- (B) the objectives and expected significance of the research;
- (C) if applicable to your field, the relationship of the research to the present state of knowledge in the field (with appropriate bibliographic references), a description of your own related previous work or, for applicants in writing or the arts, representative samples of your work; and
- (D) methods or procedure (how you expect to reach the stated objectives) and, if applicable, a description of data collection techniques and analysis.

The proposal itself should be limited to **six double-spaced pages including bibliographic references**. No offprints, photocopies, tapes or other examples of previous work should be enclosed. **Proposals that do not follow this format will not be reviewed.**

4. The title sheet and self-addressed envelope will be returned to the applicant to verify receipt of the proposal.
Copies: Twelve copies of the application should be sent to the Committee Chair, Michael Goodhart, Department of Political Science, 4600 Posvar Hall.

TYPE I. RESTRICTIONS

Faculty members who have contractual obligations, including cash advanced for writing, or those engaged in traditionally compensated Third Term teaching or administrative assignments, or with other University or sponsored research summer salary support, are not eligible for these grants.

Grants are not given for projects known to be lucrative commercial ventures, dissertation research, or curriculum development.

TYPE II. RESEARCH EXPENSE GRANTS

Type II grants are given to cover specific research project expenses for which other sources of funding are not available. Priority is given to faculty in the lower ranks and to new research projects; however, well-justified expenses for successful projects in the later stages of development are also considered.

Application Format: The application format for a Type II grant is the same as for a Type I grant, with the addition of a detailed budget.

The Budget: On a separate page, the project expenses should be itemized and justified in reasonable detail. Travel expenses should be explained in detail; transportation costs will be limited to coach class airfare. Applicants should submit the most recent airfare quotes from one of the University-designated travel agencies.

Copies: Twelve copies of the application should be sent to the Committee Chair, Michael Goodhart, Department of Political Science, 4600 Posvar Hall.

TYPE II. RESTRICTIONS

Type II grants are not given for:

- travel for the purpose of attending conferences or symposia
- projects known to be lucrative commercial ventures
- dissertation research
- curriculum development
- travel for purposes of research that is otherwise funded
- materials or equipment which can be borrowed or are readily available locally
- typing of manuscripts

Library materials acquired under a grant are to be deposited in the University library when they are no longer needed for the project.

The University of Pittsburgh is an affirmative action, equal opportunity institution.
