## Call for Proposals: Dietrich Innovation Initiative (DI<sup>2</sup>)

---

The Dietrich School of Arts and Sciences announces the opening of the Fall 2025 awards cycle for the Dietrich Innovation Initiative. DI<sup>2</sup> is a transformative opportunity to empower faculty and staff to enrich research, student learning, and community engagement and foster a sense of future-oriented, constant development. The Dietrich School DI<sup>2</sup> Awards Committee welcomes proposals from staff and Tenure-Stream and Appointment-Stream full-time faculty at all ranks for direct support of innovation in research, curriculum development, student programs, or community outreach initiatives.

Two types of awards are available: **Individual Innovation Awards** facilitate project-based efforts in scholarship, artistic production, student programming, or curricular development/change. **Laboratory Innovation Awards** bring people together to chart daring lines of inquiry within and between disciplines.

For each category of award, **funding is available in three tiers:**

- **Launch Support**—for short-term projects with budgets of \$5,000 or less
- **Major Development**—for longer-range, bigger-budget projects, up to \$20,000
- **Moon Shot**—for major innovative efforts that may not fit neatly into standard categories, with budgets up to \$100,000

All full-time faculty members and staff in the Dietrich School are eligible to apply. The

deadline for applications has been extended to  
**5:00 pm, Thursday, October 30, 2025.** See the
